September 18 – Chapters I & II

October 2 – Chapter III

From tales of chivalrous knights to the barbarity of trial by ordeal, no era has been a greater source of awe, horror, and wonder than the Middle Ages. In handsomely crafted prose, William Manchester leads us from a civilization tottering on the brink of collapse to the grandeur of its rebirth – the dense explosion of energy that spawned some of history's greatest poets, philosophers, painters, adventurers, and reformers, as well as some of its most spectacular villains – the Renaissance.
