The RENEWAL Documentary 7:30 pm

Renewal is the first feature-length documentary to capture the breadth and vitality of America's religious-environmental movement. Offering a profound message of hope, *Renewal* shows individuals and communities driven by the deepest source of inspiration - their spiritual and religious convictions - being called to re-examine what it means to be human and how we live on this planet. The 90-minute film tells 8 inspirational stories including how *Interfaith Power and Light* brings different faiths together to mount a religious response to global warming. It also profiles groups drawing upon Muslim, Jewish, Buddhist, Catholic, Native American and Protestant traditions to preserve God's creation.

Tom Nutt-Powell, President and Co-Founder, Massachusetts Interfaith Power & Light, will lead a discussion following the film.

Join us for this extraordinary and exciting film. You will learn:

- How to be a good steward of the environment, *everyday* and in practical ways!
- How to buy green electricity and earn matching funds for your community and low-income communities in Massachusetts;
- How to save money and reduce pollution by getting a Home Energy Audit.

Renewal is part of **Building the Blessed Community**, a series of four award-winning documentaries related to the **Millennium Development Goals** to be presented at All Saints Episcopal Church. Coming in the series: Today the Hawk Takes One Chick (Feb 20), Beyond Belief (March 6), Silent Killer (March 20).
